

SPECIALISTS IN  
FRACTIONATING COLUMNS  
SINCE 1976

## INTRODUCTION

SEMEC works since 1976 in the mass transfer technology sector, specialized in the installation of internals of fractionating columns, reactors and separators for the industry of energy, petrochemical, pharmaceutical, and food.

## SERVICES

SEMEC is specialized in the supervision and installation of tower internals such as:

### TRADITIONAL TRAYS

Baffle trays  
Bubble cap trays  
Dualflow trays  
Liquid to Liquid trays  
Sieve trays  
Tunnel trays  
Collector trays  
Cartridge trays

### VALVE TRAYS

Flexipro valve trays  
VG-0 minivalve trays  
Provalve trays  
A - valve trays  
T – valve trays  
VG-10 valve trays  
MV-1 valve trays  
BDH valve trays  
VG / VGPlus valve trays  
UFM / UFMPlus valve trays

### HIGH PERFORMANCE TRAYS

Superfrac trays  
Thormann trays  
Ultra-frac trays  
Flexipro valve trays  
Multidowncomer trays  
HiFi trays  
ConSep trays

### PACKING

Structured packing  
Random packing  
High efficiency packing  
Support grids  
Vane pack collectors  
Trough distributors  
Enhanced trough distributors

### REACTOR INTERNALS

Liquid distributor trays  
Flash pans  
Mixing chambers  
Collection trays  
Quench pipes  
Catalyst support grid  
Radial flow scallops system  
Inlet / Outlet collectors

### OTHER INTERNALS

Mesh  
Demister  
Liquid Liquid coalescing media  
Liquid Liquid setting media  
Parallel plate separators  
Omni fit technology

SEMEC core business is the revamping of columns, which requires works like arcair, plasma or oxy cutting, all kind of welding procedures and the documentation to comply INAIL & PED standards. SEMEC can also provide supervision during installation on field, giving an important support for all the related activities.

## CLIENTS

SEMEC collaborates since 1976 with major companies in the field, through direct contracts and targeted partnerships. For this reason we are the primary partners of main:

Internals constructors;  
Columns manufacturers;  
Refineries, chemical and petrochemical plants;

## STAFF

SEMEC has a long industry experience staff with, specialized in supervision and installation of columns internals, organized for “turn-around” projects, so distinguished:

Project managers  
Technical supervisors  
Safety Officers  
NDT Technicians  
Skilled workers (fitters, welders, etc.)
